About The Donna Foundation:

Three time breast cancer survivor Donna Deegan launched the Donna Foundation in June of 2003. The Foundation is the only organization on the First Coast that raises money for underserved women with critical needs as they undergo treatment for breast cancer. DF partners with Catholic Charities Jacksonville Regional Office, the largest social service agency in the area, to administer these funds. Catholic Charities' social workers lovingly screen each recipient to ensure the Foundation is a good steward of the donations received. Checks are then made payable to the mortgage company, the utilities carrier, the doctor's office, etc. For more information about The Donna Foundation or the 26.2 with Donna: The National Marathon to Fight Breast Cancer, visit www.donnahickenfoundation.org.
